Oliver-

8/4/80

Thanks for your note of the 30th and the clippings, which came earlier.

As he has probably told you, Jimmy doesn't expect to win this newest suit but does hope to be able to get other things from it, perhaps on discovery.

Did you keep any of your Minuteman stuff? Like the copies of On Target?

For a while I had a network director as a source and I got a copy of what I suppose could be called their handbook from him and some On Targets. This is among the stuff I've already given to the university.

No further word from FBI/DJ on your appeal or Susan's records, but they have cancelled the fee waiver. This means I'll have to pay for all records unless I can get that FBI decision overturned. I think it has as its major objective wasting me and perhaps stopping me because I can't pay for all those records, not when my only regular income is Social Security.

But if I hear I'll let you know.

Sincerely,
